... BUYING DRUGS ...

MOST everyone at one time or another has use for something from the drug store.

Perhaps the doctor has left a prescription or has ordered some medicine which he does not carry; or may be an emergency, severe burns, cuts or bruises, in which case you will need some Gauze, Bandages, Plaster or Salve; or again you require something in Rubber Goods, such as Syringes, Atomizers, Hot Water Bottles, Ice Bags, Rubber Gloves and Face Bags; or something for the baby, such as Nursing Bottles, Nipples, Teething Rings, Job's Tears. Sponges, Combs and Talcum Powder. It may be Toilet Articles, Face Powder, Tooth Powders or Hair Brushes, Tooth Brushes and Cloth Brushes or Stationery, Confectionery and Perfumes; then again perhaps it is Cigars, Cigarettes, Tobacco or Pipes.

We keep all the above articles besides so many others that space won't permit us to mention them, in fact we keep everything that A FIRST-CLASS DRUG STORE should keep.

It has been over 40 years since this drug store was established and during that time its policy has been A SQUARE DEAL TO ALL and it goes without saying that this policy will be followed in the future.

IF WE PLEASE YOU, TELL OTHERS. IF WE DON'T,
TELL US.

Report of Board of Health

During the year ending February 15, 1909 there has been reported to this board one case of diphtheria and one case of scarlet fever, both of which were promptly quarantined and given close attention and the homes disinfected at the proper time. In the diphtheria home, two books were burned belonging to the town library, No. 1418 and No. 402. In the scarlet fever case, five books were burned belonging to the school and several belonging to the family that we might feel assured that the fumigation would prove effectual. There have been two deaths in town of tuberculosis and these homes have been disinfected as is now required by law.

We appreciate the work done by private parties in the construction of a sewer from a point near Charles Howe's to the river that accommodates those along the line. We also appreciate the interest shown by the Lake Sunapee Protective Corporation in protecting the lake from pollution from which the town take their water supply, and we urge that the town give the Corporation their earnest support in carrying forward this work which is of great value to Sunapee.

The Secretary of this board was petitioned by the Corporation to act as its Sanitary Inspector for the lake during the season of 1908, and his report of the work done, which was given at the annual meeting of the Corporation at Soo Nipi Park Lodge, may be seen in the report of the State Board of Health for 1907 and 1908.

There were constructed on the shores of the lake last season, 52 cesspools, and other changes made that brought the number of corrections to 114. Louis Davis of Sunapee, at the suggestion of the Secretary, has provided himself with an up-to-date cesspool cleaning outfit and will clean any cesspool about the lake at short notice and at a reasonable expense.

Respectfully submitted,

WILLARD W. CHASE.

ALBERT D. FELCH, Secretary.

Chief Engineer's Report

of Fire Department

In submitting this annual report we will say that the property and apparatus of the Department of the town is in good condition as far as we can tell, and ready at any time to go when it is needed. The town has had one quite serious fire during the past year, but it was outside of the fire limits and the Department could not save the buildings, yet it did good work in keeping it from spreading and thus prevented a serious conflagration. The fire alarm system has proved in the past year that it is a great addition to the efficiency of the Department besides the reduction in cost of insurance.

There have been six alarms given during the past year: one at George's Mills for grass fire with no loss, and five at Sunapee. April 27, brush fire on Chase St., no damage; May 13, brush fire near Pulp Mill, no damage; July 26, three cottages on Lake Ave., loss \$3,200 00, insurance, \$2,000 00; October 15, forest fire on land of Seth S. Davis and Mrs. McCloud, damage \$150 00.

The town was very fortunate in not having any extensive forest fires during the long drought of the past season. It would mean a great loss to the town to get one started around the lake and we would recommend that the town try to get the towns of Newbury and New London interested in getting better protection for the valuable property around the lake.

In the past year the Department suffered a great loss in the death of Asst. Engineer Herbert J. Wiggins. He was very much interested in the welfare of the Department and was liked by all who knew him.

Hoping that the town will have a fewer number of alarms in the year to come, and that each member will try to keep the Department to a high state of efficiency and prove to the town that it is a valuable adjunct in time of need.

Respectfully submitted,

F. M. SARGENT, Chief.

MARTHA H. ABBOTT, Treasurer.

Trustees' Report

During the year several new periodicals have been subscribed for, making the present number in the library sixteen.

There were so many supplements, rendering the work of the librarian so much greater than necessary, that it seemed advisable to prepare new catalogues. This work was done in the spring and early summer, and the old, torn books have been rebound, giving them a new lease of life. Nearly sixteen hundred books have shelf room at the present time.

About one hundred and twenty new books have been ordered, after careful selection, and will be in circulation as soon as possible.

Last summer Miss Mary Baker arranged for an entertainment, the net proceeds of which were to go to the library. She succeeded in so interesting some of our summer guests in the object that there were some generous gifts, and the result was the sum of eighty-nine dollars and sixty cents after expenses were paid. This is a welcome addition to the appropriation. Having this extra amount the opportunity seemed a good one to purchase some much-needed reference books, and we are corresponding with publishers with a view to placing in our library a standard encyclopaedia, and other works of reference.

We greatly desire that the appropriation shall be no less than last year.

Respectfully submitted,

C. H. OSGOOD,
M. H. ABBOTT,
A. C. WHITTIER,

Trustees.

Auditors' Report

We, the undersigned, have carefully examined the accounts of the officers of the School district and find them properly vouched and correctly cast.

GEORGE H. PERKINS,

School Report

TO THE INHABITANTS OF THE SCHOOL DISTRICT OF SUNAPEE.

During the year just closing, there have been no changes among our teachers at the Center School. We are gratified to report the high grade of work being done in the various departments.

Beginning with the present school year, we deemed it advisable to close the Wendall school and transfer the children to our Center School. This is one of the perplexing problems of district school life. How to realize the greatest degree of efficiency with the necessitated limited facilities. This problem is being solved throughout the State by the method of centralization, wherever practicable, and we believe with no small degree of success.

The school year opened at No. 1 with Miss Grace Lovejoy as teacher, who resigned at the close of the fall term. We were exceedingly fortunate in procuring Miss Gertrude E. Smith of Springfield, Vt. to fill the vacancy caused by the resignation of Miss Lovejoy. Miss Smith has proven herself a teacher of tact and ability. There being no children of school age in the Collins district, we were compelled to move that school to old No. 6.

The teacher, Miss Melanie Felch, gave excellent satisfaction in every respect. The work at George's Mills was interrupted a short time before the Christmas vacation by the appearance of one case of scarlet fever. Owing to extreme caution taken to prevent its spread, no other cases were reported.

Your committee has added this year an additional grade, making now eleven grades. This grade in the main has been suc-

cessful, but we hope to make it more efficient the coming year.

We are sure the success of the music in the school, under the direction of Mrs. Ella M. Smith, needs no further comment from your committee than this, that no similar amount of money expended has brought such satisfactory results.

Believing our Center building inadequately protected by insurance, we urgently recommend that steps be taken immediately towards a larger protection by insurance.

We are pleased to note the interest among our teachers concerning the State examination, the successful passing of which entitles them to a State certificate. This will mean a higher grade of teachers throughout New Hampshire.

It is the earnest endeavor of your committee to place your schools second to none throughout the country districts of the State.

Respectfully submitted,

H. J. FOOTE,

HATTIE M. SMITH,

School Board of Sunapee.
